

# Audio Conferencing

CCI's state-of-the-art audio conferencing is a pay-as-you-go service that enables self-managed, on-demand audio conferences 24/7/365.

Audio conferencing saves time and money, allows teams to connect in different locations and streamlines the way people work together.

High-definition voice conferencing.

Voice encryption for added security.

Self-managed conferencing (no bookings required).

Large range of free conferencing features.

Automated or manual recording and recording playback.

Local and international dial-in numbers.

In-conference keypad shortcuts.

Host dial out to conference guests.

## Start an audio conference in 3 easy steps.

1

Schedule the meeting and invite your guests.

2

Call into the conference using the dial-in number relevant to your location.

3

Join the meeting by entering your host or guest access code.

### Experienced operator support 24/7/365

You'll always talk to a real person. Our phone and online support services ensure a rapid response. There's no waiting, whatever your time zone.

### Seamless service onboarding

We ensure a seamless transition from your existing provider or fast and easy setup if you're using conferencing for the first time.

### Products and services training

We provide complimentary training online or over the phone. On-site training at your preferred location can also be arranged.

### Complimentary consultation

We offer a complimentary assessment of your conferencing requirements, allowing us to create a tailored service solution based on your specific needs.

Audio, web and professional managed conferencing services.

Pay-as-you-go structure, billed monthly.

Govt. approved rates and service level agreement locked in.

Nothing is ever too much trouble if I need to call for help. Everything runs smoothly and pricing is very reasonable. I wouldn't change a thing.
